Professional Recommendation Letter and Project Confirmation

To whom it may concern,

This letter serves to confirm that Mr. Daniiar Kutanov and Mrs. Lilia Kutanova, founders of GlobalRidgeTech LLC, successfully designed and developed the real estate website www.investcogeo.com for LTD INVEST CO GROUP.

Their work included full-cycle development: business analysis, concept creation, modern UI/UX design, mobile optimization, and complete technical implementation of the platform. The website structure was thoughtfully built to support real estate listings, user navigation, and lead generation, which are critical for our business.

Throughout the collaboration, the team demonstrated strong communication, reliability, and the ability to deliver solutions aligned with our goals. They were flexible, detail-oriented, and consistently focused on improving both functionality and visual presentation.

As a result, we received a professional, user-friendly, and scalable website that strengthens our online presence and supports our sales processes.

We confidently recommend GlobalRidgeTech LLC as a highly capable and trustworthy partner in web development and digital solutions.

Sincerely,

Company director Sopiko Pipia
